About Emergency Housing Assistance (EHA)

In response to the increasing demand for crisis accommodation in NSW, SSI has established a self-funded EHA initiative to assist vulnerable people in need of crisis accommodation.

Furnished accommodation is available in Western and South-Western Sydney, and includes:

- studio units
- 2-3 bedroom dwellings
- self-contained apartments

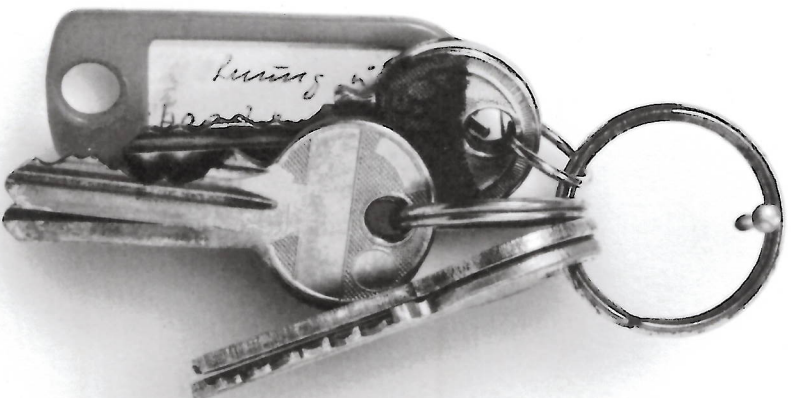

SSI is committed to continuous improvement and strengthening its partnerships with other Specialist Homeless Services for the sustainability of EHA and increased options of affordable, well maintained, and accessible crisis accommodation.

How does SSI EHA work?

EHA services include:

- Fee for service arrangement on SSI properties for government departments or government funded organisations
- Provision of short term crisis accommodation to eligible clients referred directly to SSI. Clients continue to be linked with on-going support from the referring service provider.

A fee schedule is available on request.
